Remnant of Workshop 1: INSPIRE protons beam access

Monday 1 July 2019 16:40 (25 minutes)

Led by the University of Manchester, INSPIRE is a Horizon 2020 funded European Research Project that aims to provide a world-leading integrating activity for European research in Proton Beam Therapy (PBT). Inspire's Transnational Access infrastructure is dedicated to providing free access to research rooms in clinical proton beam therapy centres across Europe.

Presenter: OLKO , Pawel (KPTC, Poland)

Session Classification: Workshop 2
