-
- ❑ On behalf of the organizing committee welcome to the third edition of the Workshop on Photon Physics and Simulation at hadron colliders
 - ❑ Previous editions in Paris in 2012 and 2015, good time to meet again : review the work done in the past years and discuss on future directions
 - ❑ Nice opportunity to strenghten interactions inside our small community

 - ❑ Appreciated in the format :
 - ❑ Compact (1 full day), focused and informal
 - ❑ Limited attendance (?) : favours questions and discussions

 - ❑ Let's try to profit as much as possible from our stay in Frascati don't be shy !

 - ❑ A special thank to the Photon2019 organisers, they took care of most of the practical aspects
