

XIV Polish Workshop on Relativistic Heavy-Ion Collisions

Kraków, Poland 6-7 April 2019

Kraków

Dear Colleagues,

We are very pleased to announce that the XIV Polish Workshop on Relativistic Heavy-Ion Collisions will be held on April 6-7, 2019 at the Faculty of Physics and Applied Computer Sciences, AGH University of Science and Technology. The main theme of the conference is: "Interplay between soft and hard probes of heavy-ion collisions".

We would like to cordially invite you to the conference. Registration will be open until March 22nd via the workshop page:

https://indico.cern.ch/event/XIV_Polish_Workshop

The conference fee is 300 PLN for faculty members and 100 PLN for students. It is meant to cover coffee breaks, lunches, and the conference dinner.

If you would like to give a talk, use the "Call for Abstracts" tab for abstract submission by March 10nd or in case of questions contact us directly by e-mail.

We have pre-booked a few rooms in the Polonez Hotel (<http://www.hotelpolonez.pl/>) nearby (5min walk) for participants of the conference – 220 PLN (single) and 290 PLN (double) room per night. A reservation code is "HIC Workshop". This offer is valid until March 10th. More affordable but a bit further away from the conference venue (15min walk) is The Academic Hotel Centre: (<http://ach.krakow.pl/>).

Please, distribute the information about the conference among your collaborators and students and encourage them to come to Kraków.

In case of any questions do not hesitate to contact us via:

hiworkshop2019@fis.agh.edu.pl

We look forward to welcoming you in Kraków.

Sincerely yours,

Tomasz Bołd, Piotr Bożek, Adam Bzdak, Iwona Grabowska-Bołd [Local organizers]
