

EDS Blois 2019: The 18th Conference on Elastic and Diffractive Scattering

Wednesday 26 June 2019

Session 5: Jet/High pT Final States (08:30-09:55)

-Conveners: Bob Hirosky

time	[id] title	presenter
08:30	[8] Measurements of jet substructure at ATLAS	CAMPANELLI, Mario ATLAS COLLABORATION
09:00	[15] Measurement of W and Z boson production at ATLAS	EZHILOV, Aleksei
09:30	[31] New insights on the lepton angular distributions in the Drell-Yan process and Z-boson production at the LHC	Prof. PENG, Jen-Chieh

Session 5: Topics in Astrophysics and Ultra High Energy Interactions (10:25-11:40)

-Conveners: Chung-I Tan

time	[id] title	presenter
10:25	[37] Recent IceCube Measurements Using High Energy Neutrinos	Dr NIEDERHAUSEN, Hans
10:55	[49] Astrophysics in Vietnam	PHAM, Tuan-Anh
