

Session Program

23-29 Jun 2019

EDS Blois 2019: The 18th Conference on Elastic and Diffractive Scattering

Session 7

ICISE
Quy Nhon, Vietnam

Thursday 27 June

13:50

Session 7: PDFs and MPI I

Session | Location: ICISE, Quy Nhon, Vietnam | Convener: liuti simonetta

13:50–14:15 **New CTEQ global analysis with high precision data from the LHC**

Speaker

Tie-Jiun Hou

14:15–14:40

Determination of proton parton distribution functions using ATLAS data

Speaker

Gavin Pownall

14:40–15:05

Recent QCD results from the xFitter project

Speaker

Alexander Glazov

15:05

15:35

Session 7: PDFs and MPI II

Session | Location: ICISE, Quy Nhon, Vietnam | Convener: Mario Campanelli

15:35–16:00 **Latest results on Soft QCD and DPS from the CMS experiment**

Speaker

Rajat Gupta

16:00–16:25

Measurements of multi-parton interactions at ATLAS

Speaker

Robert Astalos

16:25
