- *1 PhD position in Nuclear Physics (EX or TH) for a female candidate*
- F. ***Many Others***
- ***Michigan State University, USA; McGill U., Canada; EPFL, PSI, Switzerland;...***

REMINDER: Do not expect everything from us. Be proactive and find your own way into the jungle. Do not expect any steps to be easy. And think of us as mere advisers or partners.

YOU ARE THE ONLY ACTORS OF YOUR SCIENTIFIC CARREER!

2. Plus

- *You are all encouraged to sign-up to the African Physical Society*
 - <http://www.africanphysicsalsociety.org>
- *At the request of some of you, I plan to create a mailing list for the follow-up of the school*
 - ASP-Students-Network@cern.ch
- *The venue for ASP2012 will be decided and announced by the organizing committee sometimes this fall. The principle of alternating between a english-speaking and a french-speaking country of sub-saharan Africa is favoured.*
- *There's a DVD available at the desk that contains the ASP2010 lectures material plus a few pictures*
- *I'll sign attendance certificates only upon explicit request*

3. Results of FERMILAB Contest
