

OAI11 –CERN-UNIGE Workshop on Innovations in Scholarly Communication

Contribution ID: 99

Type: **not specified**

Open Innovation@ENEL

Wednesday, 19 June 2019 17:00 (20 minutes)

How a large energy company can innovate leveraging the open innovation model? What is the role of data, and of information flows in general, in this endeavor? What are the barriers and enabling factors that allow to effectively adopt this way of working? The presentation will elaborate on this main topics, with some examples from real life practice.
