

Session Program

27-29 May 2019

Searching for long-lived particles at the LHC: Fifth workshop of the LHC LLP Community

Lightning Round 2

CERN, 503/1-001 - Council Chamber

Wednesday 29 May

14:30

Lightning Round 2

Session | Location: CERN, 503/1-001 - Council Chamber | Convener: Brian Shuve

14:30-14:42 Tracking technique for disappearing tracks

Speaker
Matthew Gignac

14:45-14:57 Displaced heavy neutrinos in B-L model at the LHC and beyond

Speaker
Suchita Kulkarni

15:00-15:12 Searches for right-handed neutrinos at accelerators

Speaker
Dr Jan Hajer

15:15-15:27 The (Second) Higgs at the Lifetime Frontier

Speaker
Seth Koren

15:30-15:45 Dark photons from B decays at HL-LHC using L1 Track Trigger

Speaker
Yuri Gershtein

15:45
