

Quark Matter 2019 - the XXVIIIth International Conference on Ultra-relativistic Nucleus-Nucleus Collisions

Tuesday, November 5, 2019

Parallel Session - QCD at finite temperature I - HongKong Room (11:00 AM - 12:40 PM)

-Conveners: Frithjof Karsch

time	[id] title	presenter
11:00	[30] Mesonic Condensation under a Global Rotation	HOU, Defu
11:20	[31] Regressive and generative neural networks for scalar field theory	ZHOU, Kai
11:40	[37] The crossover line in the (T, mu)-phase diagram of QCD	GUENTHER, Jana N.
12:00	[32] Structure and Signals for a Lifshitz Regime	PISARSKI, Robert
12:20	[33] Spectral functions for hot pions below Tc	GUPTA, Sourendu
