

Session Program

Sep 22 - 27, 2019

12th International Workshop on Top Quark Physics (TOP2019)

Mini-workshop: Top Meets New Physics

Beijing
19B Yuquan Road, Shijingshan District, Beijing, China

Thu, September 26

9:00 AM

Mini-workshop: Top Meets New Physics

Session | Location: Main Building 214

09:00 - 09:20 **Over the top**

Speaker

Riccardo Torre

09:30 - 09:50

New physics models that connect top physics to cosmology and baryogenesis

Speaker

Oleksii Matsedonskyi

10:00 - 10:20

Higgs-top coupling and its linkage with the electroweak phase transition

Speaker

Tao Liu

10:30 AM

11:00 AM

Mini-workshop: Top Meets New Physics

Session | Location: Main Building 214

11:00 - 11:20

High energy tops including boosted top tagging at the energy frontier

Speaker

Minho Son

11:30 - 11:50 **Top partners**

Speaker

Christopher Verhaaren

12:00 - 12:20 **Continuum Naturalness**

Speaker

Gabriel Lee

12:30 PM
