

The general theory of B-type Landau-Ginzburg models

Tuesday 11 June 2019 10:30 (30 minutes)

I give a very brief review of the main points of my recent work on the constructive field theory of the most general class of B-type Landau-Ginzburg models, stressing the conceptually important parts while avoiding most of the mathematical details.

Presenter: LAZAROIU, Calin (Institute for Basic Science, Center for Geometry and Physics)
