

# Searches, Theories, Results, Opportunities, and New ideas for sub-GeV Dark Matter

Contribution ID: 19

Type: **not specified**

## Recent progress in direct detection of sub-GeV dark matter

*Wednesday 14 August 2019 09:30 (1h 15m)*

**Presenter:** ESSIG, Rouven (Stony Brook University)

**Session Classification:** Blackboard Seminar (60' + 15')
