

Radiation from Relativistic Electrons in Periodic Structures "RREPS-19"

Friday, 20 September 2019

Parametric X-ray Radiation (10:00 - 10:40)

time	[id] title	presenter
10:00	[53] Dynamical effect of asymmetry in the parametric X-rays radiation generated by relativistic electrons in a single-crystal target	Prof. BLAZHEVICH, Sergey
10:20	[81] Diffraction of real and virtual photons in crystalline powders	IRRIBARRA, Esteban NAZHMUDINOV, Ramazan
