

Workshop on the phenomenology of Dark Matter searches with Quantum Sensors 6th March 2019

Meeting Location

The meeting will be held in the **South East Wing of Bush House**.
The address is **300 Strand, London, WC2R 1AE**.

The South East Wing also houses the KCL Student Union so if you see signs for KCLSU, you are probably going in the right direction.

There are around six entrances to Bush House (North, South, South East etc) so carefully check the building name before entering, as it is not possible to access the South East Wing from the other entrances.

When you enter the South East Wing, you will need to report to the security desk to get a visitor badge. If you arrive before 10am, there is a cafe on the ground floor.

Between 10am - noon, the talks will be held in room SE 2.09 (room 9 on the 2nd floor).
Between 1am - 3am, the talks will be held in room SE 1.05 (room 5 on the 1st floor).

If you have any other queries, contact christopher.mccabe@kcl.ac.uk and I'll be happy to help.
