

PSD12: The 12th International Conference on Position Sensitive Detectors

Monday 13 September 2021

Medical Applications of Position Sensitive Detectors 1 - Teaching and Learning Building (16:15 - 18:05)

-Conveners: Tony Price; Konstantin Stefanov

time	[id] title	presenter
16:15	[6] Medical Applications of Position Sensitive Detectors	Prof. SCHULTE, Reinhard
16:45	[217] MONOLITH – pico-second time-stamping in fully monolithic highly-granular pixel sensors	MUNKER, Magdalena
17:05	[58] Position sensitive detectors in proton therapy: online monitoring of the beam position	SCHÄFER, Robert Michael
17:25	[120] Upstream MLC leaf position detection in complex radiotherapy fields	Mr PRITCHARD, Jordan
17:45	[130] LGAD-based detectors for monitoring therapeutic proton beams	Dr VIGNATI, Anna
