

MS-4492/EP/ESE - Information Conference

Report of Contributions

Contribution ID: 1

Type: **not specified**

Specific power supply requirements and possible collaboration with CERN

Presenter: BOBILLIER, Vincent (CERN)

Session Classification: Power supply requirements, maintenance service and test facilities at CERN

Contribution ID: 2

Type: **not specified**

Introduction to the procurement process

Presenter: CARAYON, Charles (CERN)

Session Classification: Introduction to the procurement process

Contribution ID: 3

Type: **not specified**

Radiation test facilities made available by CERN

Presenter: DANZECA, Salvatore (CERN)

Session Classification: Radiation tests Facilities made Available by CERN

Contribution ID: 4

Type: **not specified**

Introduction to the OPC-UA remote control framework

Presenter: FARNHAM, Ben (CERN)

Session Classification: Introduction to the OPC-UA remote control framework

Contribution ID: 5

Type: **not specified**

Overview of the ATLAS powering requirements

Presenter: FARTHOUAT, Philippe (CERN)

Session Classification: Overview of the ATLAS powering requirements

Contribution ID: 6

Type: **not specified**

Overview of the CMS powering requirements

Presenter: HANSEN, Magnus (CERN)

Session Classification: Overview of the CMS powering requirements
