

Session Program

8-19 Jul 2019

**KAIST-KAIX Workshop for Future Particle
Accelerators**

***Beyond the Standard Model (Location:
Auditorium)***

Korea Advanced Institute of Science and Technology (KAIST)
291 Daehak-ro, Yuseong-gu, Daejeon 34141

Tuesday 16 July

09:00

Beyond the Standard Model (Location: Auditorium)

Session**Location:** Korea Advanced Institute of Science and Technology (KAIST), 291 Daehak-ro, Yuseong-gu, Daejeon 34141**Conveners:** Felix Yu, Michelangelo Mangano, Jae Hyeok Yoo, Un-ki Yang

09:00–09:30

Exploring the Global Symmetry Structure of the Higgs Potential via Same-Sign Pair Production of Charged Higgs Bosons (25' + 5')**Speaker**

Kentarou Mawatari

09:30–10:00

Broad Composite Resonances and Their Signals at the LHC (25' + 5')**Speaker**

Ke-Pan Xie

10:00–10:30

Continuum Naturalness (25' + 5')**Speaker**

Gabriel Lee

10:30
