

## Welcome to NICA days 2019 and IVth MPD Collaboration Meeting in Warsaw

Contribution ID: 86

Type: **not specified**

### Monitoring and stabilisation of the test laboratory environment Time of Flight for NICA - MPD - PLATFORM

*Friday, 25 October 2019 15:45 (10 minutes)*

The aim of this project was to design and construct system for environmental monitoring and stabilisation inside test laboratory for MPD-TOF platform. The presentation includes schematics of proposed system design, brief description of its function, accomplished tasks and proposed plans for future development.

**Primary authors:** PACHULSKA, Klaudia (Warsaw University of Technology); KOŁAŚ, Jędrzej; ROSŁON, Krystian
