

## **Session Program**

**4-9 Sept 2022**

# **Nuclear Physics in Astrophysics - X**

## ***Monday - Session 2***

CERN, 500/1-001 - Main Auditorium

# Monday 5 September

11:30

## Monday - Session 2

**Session** | **Location:** CERN, 500/1-001 - Main Auditorium | **Convener:** Alberto Mengoni

11:30-12:00 **Nuclear Astrophysics and GSI/FAIR: Present and Future**

**Speaker**

Rene Reifarth

12:00-12:15

**The TRISR Project - A Storage Ring for Neutron Captures on Radioactive Nuclei**

**Speaker**

Iris Dillmann

12:15-12:30

**$^{40}\text{Ar}$  proposed as probe of neutron-induced reactions in a high-density stellar-like plasma at the National Ignition Facility**

**Speaker**

Michael Paul

12:30
