Après 3 mois... Aujourd'hui

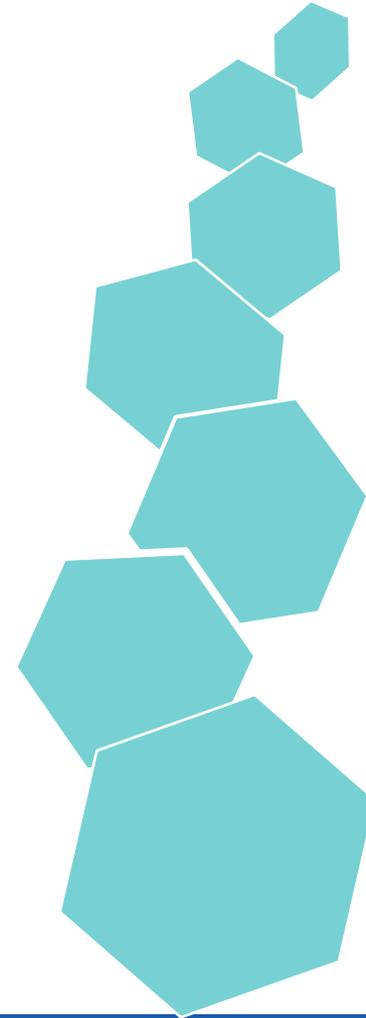

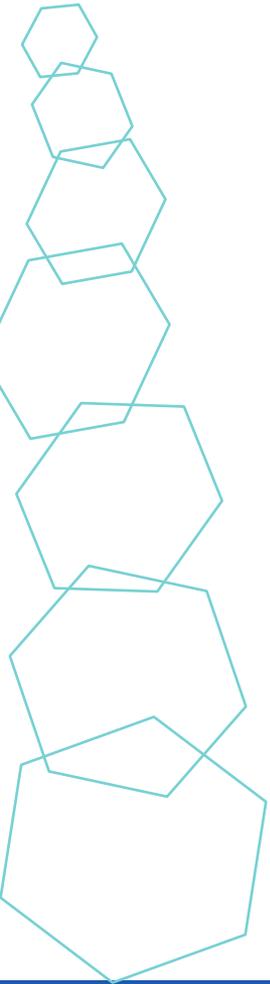

Aujourd'hui - Objectifs

Intégration

Interactions

Réseautage

Aujourd'hui – Objectifs : réseautage

- Jeu : 9 questions spécifiques
Activités, intérêts (extra)-professionnelles en commun
- But : trouver 9 personnes différentes

Closing drink & Networking

Site web RH – Coordonnées des experts

The image is a screenshot of the CERN website. At the top left, it says "CERN Accelerating science". On the top right, there are links for "Sign in" and "Directory". Below this is a navigation menu with "About CERN", "Students & Educators", "Scientists", and "CERN community". There are also language options for "English" and "Français". The main content area features a large, circular visualization of particle tracks, likely from the CMS detector, with a central point and many radiating lines. A mouse cursor is visible over the tracks. At the bottom of this visualization, there is a caption: "CANDIDATE EVENTS IN THE CMS SM HIGGS SEARCH CMS, 13/05/2012 21:08" and a "view image" link. On the right side, there is a "CERN Updates" sidebar with a list of recent news items: "Hunting for dark quarks" (31 August), "AWAKE successfully accelerates electrons" (29 August), and "Long-sought decay of Higgs boson observed" (28 August). Below the updates is a "Past updates >" link and a search bar with the text "Search this site" and a "Search" button.
