- Other events
 - Several events and tutorial courses are listed on the event section of the collaboration home page.

- New Task Force was formed.
 - Promote longer-term R&D efforts on the exploitation of emerging technologies, computing architectures or software architectural revisions, and new or better physics ideas that would be beneficial to Geant4.
 - Make timely assessments on these R&Ds for their feasibility, benefits and required efforts.
 - Dedicated web pages and regular open-to-public meetings that would be a crossroad of such R&D efforts inside, outside or mixture of the collaboration.
- Witek Pokorski (CERN) is the leader of this new Task Force.
 - First meeting is scheduled on April 2nd at 16:00 CET.
