

International Workshop on Partial Wave Analyses and Advanced Tools for Hadron Spectroscopy, PWA11/ATHOS6

Monday, 2 September 2019 - Friday, 6 September 2019

Centro Brasileiro de Pesquisas Físicas

Scientific Programme

Spectroscopy of light and heavy baryons

Spectroscopy of light and heavy mesons

Spectroscopy of the new hadrons

Tools and methods for partial-wave analysis

Theoretical constraints on amplitude analysis

Lattice QCD inputs to hadron spectroscopy
