

Session Program

13-18 Oct 2019

**The 28th International Workshop on Vertex
Detectors**

Radiation effects

Lafodia Sea Resort, Lopud Island, Croatia

Tuesday 15 October

17:00

Radiation effects

Session | **Location:** Lafodia Sea Resort, Lopud Island, Croatia | **Convener:** Panja Luukka

17:00–17:22

Radiation induced performance degradation of p-type silicon devices by acceptor removal effects

Speaker

Michael Moll

17:30–17:52

Radiation-tolerant Silicon Detectors for the LHC Phase-II Upgrade and Beyond: Review of RD50 Activities

Speaker

Jennifer Ott

18:00–18:22

Recent progress in CVD diamond detector R&D

Speaker

Rainer Wallny on behalf of the RD42 collaboration

18:30
