

Session Program

13-18 Oct 2019

**The 28th International Workshop on Vertex
Detectors**

Future facilities/experiments

Lafodia Sea Resort, Lopud Island, Croatia

Thursday 17 October

14:00

Future facilities/experiments: Part 1

Session | **Location:** Lafodia Sea Resort, Lopud Island, Croatia | **Convener:** Manfred Krammer

14:00–14:22 **AIDA Innovation Pilot Call**

Speaker

Dr Ivan Vila Alvarez

14:30–14:52 **Silicon Vertex & Tracking Detectors for the Compact Linear Collider**

Speaker

Simon Spannagel

15:00–15:22 **New Developments for the ILC Vertex Detectors**

Speaker

Marc Winter

15:30–15:52

Vertex and Tracking Detectors for the Circular Electron Positron Collider (CEPC)

Speaker

Hongbo Zhu

16:00

16:30

Future facilities/experiments: Part 2

Session | **Location:** Lafodia Sea Resort, Lopud Island, Croatia | **Convener:** Manfred Krammer

16:30–16:52

Monolithic fully-depleted CMOS sensors for frontier vertex and silicon detectors

Speaker

Manuel Dionisio Da Rocha Rolo

17:00
