

# Unified Home folders migration or chronicles of a complex data migration

*Monday, 14 October 2019 14:25 (25 minutes)*

Moving users' data is never an easy process. When you migrate to a different file system, and would like to fit to users' needs on Windows, Linux and Mac for more than 15 000 accounts, then the magic recipe becomes as difficult as the one for making perfect macaroons !

In this presentation, you will learn key facts on how we handle this complex data migration.
