

Session Program

13-17 Jan 2020

**Early Career Conference in Trapped Ions
(ECCTI) 2020**

Special Focus

CERN, 6/2-024 - BE Auditorium Meyrin
Esplanade des Particules 1 1211 Geneva 23 Switzerland

Monday 13 January

11:30

Special Focus

Session |

Location: CERN, 6/2-024 - BE Auditorium Meyrin, Esplanade des Particules 1 1211 Geneva 23 Switzerland

11:30-12:00

An ytterbium ion clock and its role in the search for dark matter

Speaker

Charles Baynham

12:00-12:30

Ultra-High Precision Measurements of the Proton-to-Antiproton Charge-to-Mass Ratio

Speaker

James Anthony Harrington

12:30
