## Quantum Information & Computing 1

**Session** |

**Location:** CERN, 6/2-024 - BE Auditorium Meyrin, Esplanade des Particules 1 1211 Geneva 23 Switzerland

14:30–15:00

### Coherent manipulation of a single ion inside and outside the Lamb-Dicke regime

**Speaker**

Jacopo Mosca Toba

15:00–15:30

### Quantum Networking with Trapped-Ion Qubits at AFRL

**Speaker**

Dr Harris Rutbeck-Goldman

15:30–16:00

### Experimental realisation of quantum networks

**Speaker**

Peter Drmota

16:00
