

Early Career Conference in Trapped Ions (ECCTI) 2020

Thursday, 16 January 2020

Precision Measurements 3 - 6/2-024 - BE Auditorium Meyrin (11:00 - 12:30)

time	[id] title	presenter
11:00	[94] Penning mass spectrometry using optical detection with 40Ca^+ as sensor ion in an unbalanced crystal	Mr BERROCAL SÁNCHEZ, Joaquín
11:30	[64] Non-destructive detection of molecules without mass limitation	POINDRON, Adrien
12:00	[46] Toward an experimental comparative study of the Doppler effect contribution between quadrupole and multipole traps	MARCHENAY, Marylise
