

Early Career Conference in Trapped Ions (ECCTI) 2020

Tuesday, 14 January 2020

Quantum Simulation & Technology - 6/2-024 - BE Auditorium Meyrin (11:00 - 12:30)

time	[id] title	presenter
11:00	[53] Sub-microsecond entangling gate between trapped ions via Rydberg interaction	POKORNY, Fabian
11:30	[65] Novel quantum computing architectures with Barium ions	Dr DAY, Matthew
12:00	[87] Characteristics of hybrid laser cooling of Yb-doped nanocrystals	Ms VOVK, Tatiana
12:15	[73] Hybrid quantum systems of ultracold atoms and ions	PEREGO, Elia
