

Life and ramblings of Mario Campanelli

1995 master in Rome L3

95-98 PhD ETH Zurich L3

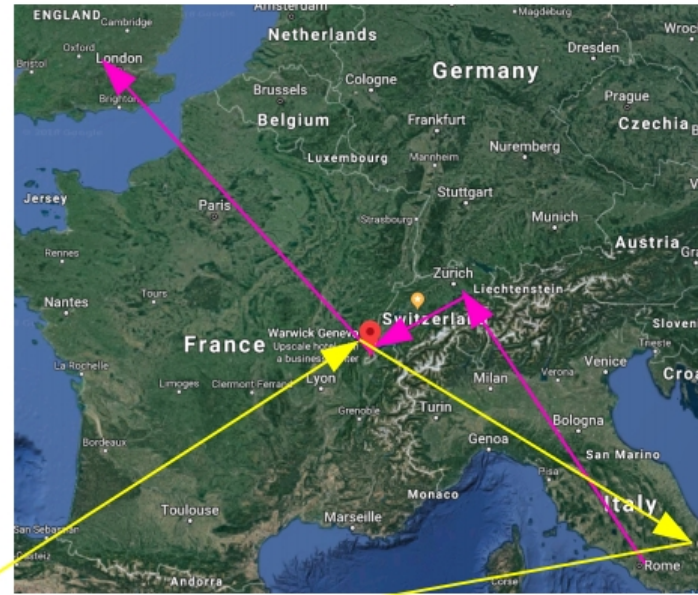

98-2001 ETHZ Icarus

2001-07 Geneva University CDF

07- UC London Atlas

I am a particle physicist, that means I work in a university but also at the same time in a laboratory

Through my career I have been in 4 universities, and 3 labs, even if most of my time has been spent at CERN

International teaching

Member of the ASP Organising committee since 2013

Lecturer for students teachers, small experiment lab

Dakar 2014

Kigali 2016

Windhoek 2018

Remote lectures 2020 and 2021

Also participated to Physics Without Frontiers lecture programs
in Tunis and Kathmandu

The man in green ;-)->
