## **Parallel session 2: Understanding the main relations of galaxies**

*Monday 26 July 2021 15:00 (1 hour)*

Brief summary: This lecture will introduce us to an amazing and diverse world of galaxies and some of their main properties. We will see how different properties of galaxies can be related to specific galaxy types, and how different relations can help us in disentangling the picture of galaxy formation and evolution.

**Other**

**High Performance Computing**

**Renewable Energies & Energy Efficiency**

**Materials Physics & nanoscience**

**Physics Education and Communication**

**Particle Physics**

**Nuclear Physics**

**Accelerator, Radiation & Medical Applications**

**Astrophysics & Cosmology**

# **Light Sources and their Applications**

**Presenter:** Prof. POVIC, Mirjana (Ethiopian Space Science and Technology Institute (ESSTI))
