

# GDB Introduction

Josep Flix [PIC/CIEMAT]

Mattias Wadenstein [University of Umeå]

GDB, 11<sup>th</sup> March 2020: Vidyoo-only meeting

# Meeting Details (Covid-19 matters)

This GDB was originally co-located with **ISGC2020** in Taipei... The conference was postponed to August 2020 by mid-Feb... Then, GDB was relocated to CERN...

... On 3rd March there was an *“Update on CERN's measures and recommendations wrt COVID-19”*. Most (if not all) CERN meetings moved to Vidyo-only (WLCG default recommendation), with many travel restrictions in EU

... On 4th March this GDB meeting was announced to be full virtual

# Meeting Details (Covid-19 matters)

Check this **url** regularly to know how this affects our daily activities:

<https://hse.cern/news-article/coronavirus-information-measures-and-recommendations>

Today's Vidyo-only meeting is the most responsible and convenient in light of this "crisis". The most important thing for you and your relatives is to **stay healthy!**

# Meeting summaries

Summaries were typically prepared by team of volunteers (thanks!)... but last meetings it was on Mattias and myself shoulders...

- if **you take notes, please share them with us**
- Will be available at

<https://twiki.cern.ch/twiki/bin/view/LCG/WLCGGDBDocs>

Since today is full virtual, we will regularly monitor the Vidyo chat

# Today: Main topics

Alternative to tape-based custodial storage at KISTI  
APEL and GOCDB development (discussion)  
DPM Community White Paper  
Integration of CINECA HPC to CNAF  
Outcome of the Federated Operations survey  
OSG-EGI security drill report (November 2019)

→ Thanks in advance to all of today's speakers!

# Upcoming pre-GDBs/GDBs

In light of how things develop we will be announcing how pre-GDB and GDB meetings will be handled...

Most likely, April's GDB will be Vidyo-only as well...

May GDB was expected to happen a week before the WLCG-HSF workshop... We will decide if moving it to original and typical date and announce it accordingly...

We have decided to have the **GDB in BNL** by June 2020  
(but this need to be confirmed at some point within a month)

# GDB / pre-GDBs organization

Let Mattias and myself know if you have topics to bring to the GDB or propose topics for thematic pre-GDBs

Also, let us know if you would like things to happen/improve. We subscribe to the philosophy of continuous improvement and would like to improve the GDB forum at every opportunity.
