

8th Beam Telescopes and Test Beams Workshop

Wednesday, 29 January 2020

Beam Telescopes - Building I, Room 317 (10:30 - 11:50)

-Conveners: Moritz Kiehn

time	[id] title	presenter
10:30	[27] First results and future plans of the CHROMIE telescope	DEELEN, Nikkie
10:50	[33] Reference telescope for detector tests at the 25 MeV proton cyclotron CYRCé at Strasbourg	GRIMAULT, Clement
11:10	[30] Performance of a simple 2-plane telescope (CHROMini) and a CMS 2S module in a 25 MeV proton beam: Comparison between data and Geant4 simulation	ASENOV, Patrick
11:30	[44] The EUDET-telescopes: Status, performance and future prospects	HUTH, Lennart

Thursday, 30 January 2020

Beam Telescopes - Building I, Room 317 (17:00 - 18:00)**-Conveners: Lennart Huth**

time	[id] title	presenter
17:00	[38] An HV-MAPS-based Tracking Telescope	Mr IMMIG, David Maximilian
17:20	[45] MALTA CMOS sensor telescope: experience from the operation and recent measurements	DYNDAL, Mateusz
17:40	[58] First performance results of the Lycoris large area strip telescope	KRAEMER, Uwe
