

QoS WG : Quick Update

- Site Survey has been prepared
 - Intention is to identify current QoS-oriented activity and document solutions under evaluation
 - Merged with the planned WLCG Ops survey
 - Now two “chapters”, storage and compute
 - Text has been circulated for comments before publication
 - https://docs.google.com/document/d/1HaVnkUdXxW-OO4DLml7gZ_KLtABdFz0d4yC-SotOKLw/edit#
 - Will be sent out next week
- There has been a dedicated discussion on QoS in Rucio
 - How should Rucio interact with storage (interfaces and concepts)
 - What interface/abstraction is seen at the experiment level (e.g. QoS classes)
 - To be continued...
