

Institute for High Energy Physics of National Research Centre «Kurchatov Institute»,
Protvino, Russia

Sergey Donskov

Group members:

1. Sergey Donskov
2. Gennady Khaustov
3. Yury Khokhlov
4. Victor Konstantinov
5. Vladimir Kolosov
6. Yury Mikhaylov
7. Vladimir Poliakov
8. Dmitrii Ryabchikov
9. Vladimir Samoylenko

Activity of the group members

IHEP: experiments GAMS-4 π , VES -- meson spectroscopy,
OKA -- kaon physics with RF separated beam.

CERN: 40 years of the participation in fixed target experiments –
NA12, WA97, WA102, COMPASS, NA64.

Physic interests: hadron spectroscopy with Standard and RF-separated
Hadron beams, proton radius measurement.

Hardware focus: electromagnetic & hadron calorimeters, muon identifier.
