

COMPASS++/AMBER Project

- Participants of the COMPASS++ /AMBER Project from Collaborating Institutions of Czech Republic are forming The Joint Czech Group (JCzG) in COMPASS++ /AMBER Project
- Institutions - Members of JCzG from Czech Republic:
 - Charles University (CUNI), Prague, representing Joint Czech Group (*group representative Miroslav Finger*) of:
 - 1) Charles University (CUNI), Prague, Faculty of Mathematics and Physics (*group leader: Michael Finger*)
 - 2) Czech Technical University (CTU) in Prague, Faculty of Nuclear Sciences and Physical Engineering (*group leader: Miroslav Virius*)
 - 3) Technical University in Liberec (TUL) (*group leader: Miroslav Sulc*)
 - 4) Institute of Scientific Instruments (ISI) AS CR, Brno (*group leader: Ales Srnka*)

COMPASS++/AMBER Project

- Joint Czech Group (JCzG) in COMPASS++/AMBER Project

Participation of JCzG in COMPASS++/AMBER Equipment Construction, Operation and Upgrade will be specified in Memorandum of Understanding (MoU)

Hardware contribution:

- DAQ/Trigger/DCS
- Particle Identification – RICH detector
- Low temperature Polarized Target (PT)

Present experiment: COMPASS

Present JCzG composition in COMPASS: 7 staff, 1 PostDoc, 8 PhD students
