

University of Warsaw in COMPASS

In COMPASS with 3 PhDs and several MSc, BSc we contributed in:

- ▶ Alignment
- ▶ Measurements of g_1 at low x , low Q^2 (nonperturbative) region, together with phenomenological modelling
- ▶ Gluon polarisation measurements
- ▶ DIS radiative corrections
- ▶ Extraction of pion Boer–Mulders function from weighted TSAs in Drell–Yan

Phys. Lett. B781(2018) 464
