

Lebedev Physical Institute , Russian Academy of Science  
Moscow, Russia

Mikhail Zavertyaev

Group - 4 members

Accumulated experience:

IHEP: experiments BIS-2, EXCHARM -charm studies

CERN, DESY : 35 years of the participation in experiments –  
WA82, WA89, WA92, HERA-B, COMPASS, LHCb.

Physic interests: hadron spectroscopy with Standard and RF-separated  
hadron beams, proton radius measurement.

Data analysis on local computer farms .
