## Run 2 results on Minimum Bias and Underlying Event by CMS

*Monday, November 18, 2019 2:40 PM (20 minutes)*

The talk will present the results obtained by the CMS collaboration on minimum bias processes and the so-called underlying event. An overview of what we learned during the whole Run 2 of the LHC will be provided.

**Presenter:** MEHTA FOR THE CMS COLLABORATION, Ankita (Eötvös University, Budapest)

**Session Classification:** Monte Carlo, MB & UE

**Track Classification:** Monte Carlo, MB and UE
