'Startd flocking' and 'HT-HPC' c/o the Milan Physics Dept.

Wednesday, September 25, 2019 5:20 PM (25 minutes)

Group-owned and operated clusters at the Physics Department of the University of Milan (UNIMI) are pooled together via the HTCondor 'Startd flocking' feature. We describe the setup, its applications and possible use for parallel applications, with some preliminary performance results.
