HTCondor-CE status at CC-IN2P3

Thursday, 26 September 2019 12:15 (25 minutes)

At CC-IN2P3, CREAM-CEs are being used since grid was deployed. Now, that we are evaluating to move our grid production from UGE to HTCondor a logical step was to evaluate also HTCondor-CEs.

In this presentation we show our experience installing, configuring and monitoring the cluster, some results and also our future plans and requirements.
