developments
September 6th 2019**

Agreement LABChico-SGM

- In the last communication with the Mexican Geological Service they told us that they were preparing a draft of the agreement between them and LABChico. They will send it soon.
- The SGM has to check the legal status of the mine and also to provide geotechnical studies in order to approve any modifications to it.

Pachuca, Hidalgo.

SEGUNDA JORNADA
LA CIENCIA DE LABChico

Ven a conocer la ciencia detrás del futuro
Laboratorio Subterráneo de Mineral del Chico.

Charlas de divulgación científica.
Viernes 27 de Septiembre de 2019, 10 a.m.
La Estanzuela, Mineral del Chico, Hidalgo.

Second “Science of LABChico Day”

- For Pachuca we are getting help for the organization from the La Salle University. They will provide the auditorium for 400 people.
- For Mineral del Chico the event is being organized by the community of La Estanzuela (in the municipality of M. Del Chico). They will provide an auditorium for 140 people.
