

Biography

Georgette Kufatty Anton

ARTICLE HISTORY

Compiled August 6, 2019

- Nationality: Venezuelan.
- Age: 22 years old.

Undegraduate physics student at Simon Bolivar University located in Caracas Venezuela. Currently working (at USB) with a few models to describe the interaction between massive vector fields and massive scalars fields. Also, working as a summer student at CERN in the EN-EA-LE section with beamline simulations. In particular, studies of the particle production at K12 beamline.
