

PPC 2021: XIV International Workshop on Interconnections between Particle Physics and Cosmology

Wednesday 19 May 2021

Primordial Black Holes (14:00 - 15:30)

-Conveners: Nicholas Orlofsky

time	[id] title	presenter
14:00	[135] Asymmetric Reheating by Primordial Black Holes	Dr SHAMS ES HAGHI, Barmak
14:15	[209] Primordial Black Holes and warm dark matter constraints	JÉRÉMY, Auffinger
14:30	[97] Interplay Between Dark Matter Freeze Out/In and Primordial Black Hole Evaporation	Dr HEURTIER, Lucien
14:45	[88] Charting the Landscape in Our Neighborhood from the PBHs Mass Distribution and GWs	Dr ASHOORIOON, Amjad
15:00	[127] Probing axion-like particle radiation from primordial black holes	SCHIAVONE, Francesco
15:15	[201] Cosmological PBHs as dark matter	PICKER, Zachary
