

PPC 2021: XIV International Workshop on Interconnections between Particle Physics and Cosmology

Wednesday 19 May 2021

Neutrinos 1 (14:00 - 15:30)

-Conveners: Julia Gehrlein

time	[id] title	presenter
14:00	[111] keV Sterile Neutrino Dark Matter Terrestrial Searches: Alive and Well	Ms BENSO, Cristina
14:15	[268] Unified framework for B-anomalies, muon g-2 and neutrino masses	THAPA, Anil
14:30	[165] Muon g-2 Anomaly and Neutrino Magnetic Moments	PADMANABHAN KOVILAKAM, Vishnu
14:45	[262] Hidden Photons in light of g-2	FOLDENAUER, Patrick
15:00	[139] Probing Baryogenesis using Neutron-Anti-Neutron Oscillation	FRIDELL, Kare
15:15	[98] The Singly-Charged Scalar Singlet as the Origin of Neutrino Masses	FELKL, Tobias
