

Physics Workshop At The LPC: Multibosons At The Energy Frontier

LHC Physics Center at Fermilab,

July 25-26, 2019

<https://indico.cern.ch/e/multibosonatlpc/>

Organizers:

Michael Schmitt (Northwestern)
Hanns Jörg Weber (Fermilab)
Saptaparna Bhattacharya (Northwestern)
Claudius Krause (Fermilab)
Mia Liu (Fermilab)
Jessica Metcalfe (Argonne)

LPC Events Committee:

Gabriele Benelli (Brown)
Kevin Pedro (Fermilab)
Zhenbin Wu (UIC)

LPC Coordinators:

Cecilia Gerber (UIC)
Sergo Jindariani (Fermilab)

Topics:

NNLO calculations and
cross-section measurements

New physics with multibosons

Anomalous gauge couplings and
Effective Field Theories

Combination of analyses

Prospects for Run-3 LHC,
HL-LHC and beyond
