

# Physics Workshop At The LPC: Multibosons At The Energy Frontier

## Thursday 25 July 2019

### Standard Model: diboson cross sections - Hornets Nest (WH8XO) (10:25 - 12:05)

-Conveners: Michael Schmitt

time	[id] title	presenter
10:25	[5] Status of (differential) cross section calculations	NEUMANN, Tobias
10:55	[6] Measurements of differential cross sections	HERNDON, Matthew
11:35	[7] discussion	

### Standard Model: VBS and VVV - Hornets Nest (WH8XO) (13:30 - 15:10)

-Conveners: Miaoyuan Liu

time	[id] title	presenter
13:30	[12] Calculations of vector boson scattering and triboson production [remote]	LINDERT, Jonas
14:00	[10] Measurements of Vector Boson Scattering in ATLAS & CMS	ZHU, Junjie ZHU, Junjie
14:20	[11] Measurements of triple gauge boson production in ATLAS & CMS	CHANG, Philip
14:40	[28] Discussion
