

Session Program

25-26 Jul 2019

**Physics Workshop At The LPC: Multibosons At
The Energy Frontier**

EFT and anomalous couplings

Fermilab, Wilson Hall, Hornets Nest (WH8XO)
Kirk and Wilson Roads, Batavia IL, 60510

Thursday 25 July

09:00

EFT and anomalous couplings: theory and measurement

Session | **Location:** Fermilab, Wilson Hall, Hornets Nest (WH8XO), Kirk and Wilson Roads, Batavia IL, 60510 |

Convener: Jessica Metcalfe

09:00–09:30

Effective field theory and anomalous gauge couplings - theory

Speaker

Claudius Krause

09:30–10:00

Usage of effective field theory and anomalous gauge coupling interpretation in ATLAS & CMS

Speaker

Saptaparna Bhattacharya

10:00–10:30

discussion

10:30
