

Workshop on Forward Physics and QCD at the LHC, the future Electron Ion Collider and Cosmic Ray Physics

Contribution ID: 5

Type: **not specified**

Super quasars

Here, in the axioms of dynamic space-matter, a unified theory of all mathematical and physical theories is presented, with the possibility of studying the energy levels of the singularity of the set of R_{ji} (n) objects of singularity in the quantum system of OL_{ji} (m) coordinates, the dynamic space-matter of the whole Universe.
