

Few final remarks/announcements

- Thanks to all the people attending the meeting (124 registered ... but much less present at CERN):
 - It is very important once per year to get all LHCHSWG members together to exchange information and report on progress
- Change in LHCXSWG steering Committee:
 - Michael Duehrssen → Kerstin Tackmann
 - Massimiliano Grazzini → Robert Harlander
 - Thanks to Michael and Massimiliano for the excellent work and good luck to Kerstin and Robert!
- Change in WG2 conveners:
 - Francesco Riva → Giuliano Panico
 - Thanks to Francesco for the excellent work and good luck to Giuliano!
- bbH cross-group activities now mainly focused on BSM Higgs: this cross-group is now merged into WG3 becoming a regular WG3 sub-group

... and see you next year
